****Nearly Impossible to find new Model 1.8ltr Petrol Corolla Wagon! These are incredibly hard to find in the petrol only variant as 99.9% of them available in Japan are Hybrid but not everybody wants a Hybrid! More get up and go than the Hybrid variant (its a lighter vehicle) and you need not worry about the battery life or the Hybrid system for years to come. Huge boot space compared to the common hatchback variety and absolutely feature packed with all of the latest goodies and safety systems. Come see for yourself.....****
